

GOODBYE MONEY

Music and Lyrics : B. CHAMBERT

I thought you loved me, I was wrong.
You were my pride, you got the best of myself.
Fidelity is not in your vocabulary, unless I buy it.
You stay with me if my pockets are full of bills,

If you say me goodbye, say Goodbye Money!

Chorus:

Goodbye Money, Goodbye Honey

You love my bedroom 'cause of the safety box, you kiss my neck, here is the key.
All your love is with ulterior motive, you're really a leech.
You are the small truck, n' I am the locomotive,
If I part with it honey, say Goodbye Money!!

Chorus

Guitar Solo

Your eyes are paint in gold everytime you see
my credit card n' bills on the till.
I can't stand you, I lose the control,
Look for another wallet, I'll find another toy.

Chorus
