

BREATH OF LIFE

Music and lyrics: B.CHAMBERT

Intro Speech:

*You have been convicted of murder
The penalty for which is death by electrocution
Therefore the execution will go forward
Do you have any last words?*

It's coming soon, coming step by step.
I'm like a rat in a squalid cage.
There's a full moon as if to celebrate
My last few minutes of rage.

I can't believe what's going on (*but it's true*)
I am first in the queue (*can't go back*)
In the past, to erase the only mistake (*it's too late*)
of the justice. I'm innocent!

Walk up and down in this bloody room,
Walkin' on dead men's tracks.
I wonder why, I deserve this doom.
No exit, I'm caught in a trap!

I can't believe what's going on (*but it's true*)
I am first in the queue (*can't go back*)
In the black, they're draggin' me along the ground (*it's too late*)
Feel the warmth of the electric chair!

Too young to disappear! (*Death doesn't care*)
I'm not the one that you're thinking! (*Everybody say that*)
I'll promise you that you will pay! (*Stop talking boy - to my mind...*)
(*...you'd do better to*) Enjoy your last breath of life...

All the system is a labyrinth
Where I'm the favourite pawn.
I have not decided, they gave me no chances.
Saved their necktie, sat me on the death throne.

I can't believe what's going on (*but it's true*)
I am first in the queue (*can't go back*)
Heart attack cause of the hate I feel inside! (*It's too late*)
My soul's forever in jail!

Too young to disappear! (*Death doesn't care*)
I'm not the one that you're thinking! (*Everybody say that*)
I'll promise you that you will pay! (*Stop talking boy - to my mind...*)
(*...you'd do better to*) Enjoy your last breath of life...

“Please Mr, follow me it’s time to go.
Sit down here, for us you begin the show.”
Here you go, oh no!
