

ON MY KNEES

Music and lyrics: B.CHAMBERT

I never felt my heart beat so fast n' high,
Just one word n' I feel my mouth run dry.
I never felt this peace, this peace o' mind,
Just one look n' I am so high and wide.

Don't give it up, I'll never stop
'Till the sun goes down.
You're just what I need.
Oh Baby please, gimme a chance
Gimme some more time
To show you what I feel...

Chorus:

Often walked this rainy long way,
I've often walked lonely.
But the day I crossed your path baby,
I fell down on my knees...

Your sweet long legs perched on red court shoes
Gives me the strength to continue.
Become obsessed by ...by the way you smile,
Haven't even noticed the other girls awhile.

Don't give it up, I'll never stop
'Till tomorrow now.
You're all that I need.
I'm ready now, dressed to kill,
I'm going to rush,
I hope you'll be pleased...

Often walked this rainy long way,
I've often walked lonely.
But the day I crossed your path baby,
I fell down on my knees...

Harmonica Solo

I can sell my soul for you baby
Give you all that you need.
When you said the shot cost sixty dollars buddy!
I fell down on my knees...
