

Wake Up

Lyrics and Music : Benjamin Chambert

Wake up in the middle of the night
It seems like everything's alright
No change, so strange, is-this reality?
Each night on the same boulevard
Life feels like a house of cards
No name, just fame, just livin' in fantasy

We have no restrictions
We are what we've always dreamed we'd be

WAKE UP...stand up n'
FACE UP...you don't have to wait for a sign
WAKE UP...stand up n'
FACE UP...yeah, it's down to you to reach the sky
N' learn to fly

Wake up in the middle of the night
No more sweat, I cleaned up my mind
Fucked up, corrupt, oh I won't ever be
Many characters are in my dreams
They are doin' everything it seems
I beg you, I want you inside my daily schemes

We have no restrictions
We are what we've always dreamed we'd be

WAKE UP...stand up n'
FACE UP...you don't have to wait to see the light
WAKE UP...stand up n'
FACE UP...yeah, it's down to you to reach the sky
N' learn to fly

Guitar Solo

WAKE UP...stand up n'
FACE UP...you don't have to wait for a sign
WAKE UP...stand up n'
FACE UP...yeah, it's down to you to reach the sky

WAKE UP...stand up n'
FACE UP...you don't have to wait to see the light
WAKE UP...stand up n'
FACE UP...yeah, it's down to you to reach the sky
N' learn to fly
