

Damned Me

Lyrics and Music : Benjamin Chambert

All I need is some fascination
In a world of procrastination
Feelin' tight, wasting time, it's the end of the
line...

Oh well...I don't care if you gimme a caption
All I see is mental masturbation
Mascarade, evil brains are twistin' my mind!

Hey God you

DAMNED ME...n' put a spell on me
DAMNED ME...sacrifice
DAMNED ME...nobody by my side

On my own, full of aspirations
Disgusted by our world destruction
Quicksand, no escape, I'm caught in a trap

Hey God you

DAMNED ME...no soul solutions
God you **DAMNED ME...**crucify
DAMNED ME...Hey god you opened my eyes

Made me see too many lies

Guitar solo

DAMNED ME...

DAMNED ME...my soul sighs

DAMNED ME...nobody by my side

DAMNED ME... n' put a spell on me

DAMNED ME...crucifies

DAMNED ME... Made me see too many lies

Damned, damned, damned me...
