

CONCESSION TIME

Lyrics and Music : Benjamin Chambert

I led my life as I wanted to
Didn't care 'bout what she said
Didn't realise there are love rules
Now I know and I regret it everyday

I was blinded by naivety
Thought she'd be always mine
Everything that she did, she did it for me
How could I've played with the love of my life?

*Now I believe her, I'm so angry with myself
Now I believe her - all the ways I'm selfish
Baby I love you so but I let you go
Didn't know how to keep ya
It's so hard for you but that's the truth
Oh I never concede
Now I believe her to keep a close family
It needs concession time, so precious time, priority...*

Just for hours of fun, caused my self-destruction
Now there's too much time to deal with me
Never enough for absolution
I feel like a prisoner, ball n' chain, need some air
I've got what I wanted but not what I need
Sure that no.body could dry my tears

*Now I believe her, I'm so angry with myself
Now I believe her - all the ways I'm selfish*

*Baby I love you so but I let you go
Didn't know how to keep ya
It's so hard for you but that's the truth
Oh I never concede
Now I believe her to keep a close family
It needs concession time, so precious time, priority...*

Guitar Solo

*You don't belong
You don't belong to me
But since the first second, I swear, my love was
everywhere...*

*Now I believe her, I'm so angry with myself
Now I believe her - all the ways I'm selfish
Baby I love you so but I let you go
Didn't know how to keep ya
It's so hard for you but that's the truth
Oh I never concede
Now I believe her to keep a close family*

*It needs concession time, such a precious time,
It needs concession time
Priority...*
