

KNOCK IT OFF

Lyrics and Music : Benjamin Chambert

Tired of being perceived as a renegade (*because of*)
My kick ass big fat sound with my rock brigade
Anybody out there wanna slow me down?
Won't let no-one treat me like a stupid clown

I am ready for a good time
Yeah yeah yeah
I am ready just to lose my mind

I don't care if you believe in me
So knock, knock, knock, knock... knock it off man!
Don't waste your breath n' mind your own business
So knock, knock, knock, knock... knock it off man!

Knock it off
Knock it off
Knock it off man!

Now the stars are aligned to unleashed the beast
So speak now or forever hold your peace
Sorry buddy, no choice 'cause I'll zip your mouth!
So stow your tongue, I'm gonna have fun in the whorehouse!

I am ready for a good time
Yeah yeah yeah
I am ready just to lose my mind

I don't care if you believe in me
So knock, knock, knock, knock... knock it off man!
Don't waste your breath n' mind your own business
So knock, knock, knock, knock... knock it off man!

**Knock it off
Knock it off
Knock it off man!**

Now you gotta **CUT IT OUT** man!

Guitar Solo

I am ready for a good time
Yeah yeah yeah
I am ready to lose my mind
Yeah yeah yeah
I am ready for a good time
Yeah yeah yeah
I am ready just to lose my mind!

*I don't care if you believe in me
So **knock, knock, knock, knock...** knock it off man!
Don't waste your breath n' mind your own business
So **knock, knock, knock, knock...** knock it off man!
Don't waste your breath n' mind your own business
So **knock, knock, knock, knock...** knock it off!
Knock, knock, knock, knock... knock it off man!*

Knock it off!
