

Separate Ways

Lyrics and Music : Benjamin Chambert

*You were mine
Our love won't fade away
But the time has come to walk away
No more lies
Let's kiss the past goodbye
Yeah it's time to go our Separate Ways*

Back in those days, such sweet memories
When our hearts beat in unison
That was love at first feel

You were not a number or just a shooting star
You unlocked the door
and healed each one of my scars

But it's not easy, it took years to learn
Cause love is a fire in which I got my fingers burnt

*You were mine
Our love won't fade away
But the time has come to walk away*

Baby, baby hereafter, such sweet misery
We were not able to fight the time, eternal ennemy

But day after day, what was the treasure of life
Seems to be a time-bomb with such a slow countdown

My heart is slowing, my head's getting heavy
Just one thing to do now love has turned into friendship

*You were mine
Our love won't fade away
But the time has come to walk away
No more lies
Let's kiss the past goodbye
Yeah it's time to go our Separate Ways*

*And so today,
Maybe a desperate way
...go on Separate ways!*
